29 July 2010

Subject: 2010 NC3A Industry Day

Dear Madam, Sir:

I would like to invite you to the 2010 NC3A Industry Day in Prague, Czech Republic, on October 6 and 7. This year we are collaborating with NATO's Allied Command Transformation (ACT), which is holding its Industry Day October 5 and 6 at the same venue. I encourage you to attend both events, which together will provide a solid update on events in NATO's C4ISR community.

NC3A's event this year will provide insight into NATO's:

- Strategic engagement with Industry,
- Agency reform, and
- Upcoming C4ISR business opportunities.

This is the only Alliance event where senior NATO technical, operational and procurement officials are available to industry representatives. The conference will also include detailed sessions about how to do business with NATO, critical success factors in winning bids, and pointing out how the Alliance is addressing capability implementation at a time of tighter defence budgets.

Participation in the Industry Day will require a conference fee to cover the cost of preparation, administration and catering. For more information or to register and pay the conference fee for the NC3A and ACT Industry Days, please visit ACT's Web site www.act.nato.int.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kevin J. Scheid'.

Kevin J. Scheid
Deputy General Manager
